2013-07-30 Agenda Shell EMP Meeting Final .pdf

Hi Gerry –

I updated this agenda based on what Shell sent out last week. I am not sure if you had a chance to review any of their EMP documents (they were attached to the calendar invite), but if you have any agenda items that you would like to add, please let me know. Shell's draft EMP is for the Chukchi Sea, they haven't provided us with anything for the Beaufort (although I'm sure they will be very similar when they do provide those documents). If you would like to talk before the meeting today, just let me know.

Also – I am not planning on really discussing the Geotech GP development with them today, I think it is too soon in the process – but let me know your thoughts on that.

Thank you,

Erin
